FOREWORD

The UNESCO - MAB National Committee set up jointly by the Ministries of Science and Technology and Education, and functioning under the aegis of the Natural Resources, Energy & Science Authority of Sri Lanka (NARESA) has been sponsoring the publication of handbooks, guides, checklists etc., on various groups of plants and animals.

This bibliography contains references of literature on marine turtles of Sri Lanka from the 18th century onwards. I am sure this document would be of immense value to researchers working on turtles.

Prof. Priyani E. Soysa
Director-General

December 1994
